MYTH & MEANING BEHIND THE NAME

Her enigmatic nature and layered identity shape an atmosphere that is both eclectic and harmonious, celebrating unforgettable experiences.

BIOGRAPHIES

Owner: The Bongiorno

The Bongiorno family has earned a reputation for their bold, design-forward approach to home furnishings—but at their core, they’ve always been musicians. As lifelong performers and supporters of the arts, music has been the quiet force driving everything they do.

Now, they’re transforming that lifelong passion into something far more public: THE NOX, a dynamic, community-rooted music venue in Southeast Mesa. A place where artists are uplifted, creativity is honored, and music becomes a shared experience for all.

THE NOX reflects the Bongiorno’s way of giving back to the community that has supported them for generations—a space where creativity thrives, artists are celebrated, and the transformative power of music is shared with all.
